3,072 PEOPLE GROUPS

No one is engaging them.

Until now.

We've identified 3,072 people groups across the globe who have no missionary presence and likely no gospel access.

They live in jungles and across deserts. They are on islands and across mountains. Their villages are remote. Some live in cities, others in isolated communities.

So we're preparing to go to the deepest part of lostness to find the people no one else is looking for.
