

# PRAY FOR THE FULAKUNDA OF SENEGAL

The Fulakunda — a subgroup of the Fulani — are traditionally herdsman throughout West and Central Africa who intermarried with another people group in southwestern Senegal. These nearly 2 million Fulakunda people are overwhelmingly Muslim, holding steadfast to their beliefs and traditions. The men will take up to four wives who are in charge of most of the household work and rearing of the children. The husbands are often traveling for work or to herd the livestock. Many

times, the women's consistent presence gives them the most influence in their family.

## Pray

- for Fulakunda women to discern truth from false teachings and to be the bringers of the gospel to their people through their influence.
- that God will allow all Fulakunda to understand the gospel through written Scripture or oral traditions and come to faith in Christ.
- that the Lord will make a way for Fulakunda believers to be disciplined well and be bold witnesses and disciple makers.
