

PRAY FOR THE MANGO OF CHAD

The Mango people live in the Logone Oriental region of southern Chad. They are farmers by trade, cultivating such crops as millet, corn, peanuts, cotton and mangos. Although Scripture is available in the Mango language, the literacy rate among the population is extremely low, and few schools exist in their area.

The practice of ethnic religions is very strong. There is no known Christian engagement among the Mango and they are considered unreached (less than 2 percent evangelical Christian).

Pray

- For a Christian witness to be raised up to share the love of Jesus with the Mango people.
- That the Mango of Chad would humble themselves before the Lord and turn from their sins so that they may be forgiven and receive the gift of salvation.

“If my people who are called by my name humble themselves and pray and seek my face and turn from their wicked ways, then I will hear from heaven and will forgive their sin and heal their land.” (2 Chronicles 7:14 ESV)
