

PRAY FOR

THE SONDE OF DRC

Have you ever watched a competitive volleyball game? Six players on each side work together to make sure the ball doesn't hit the ground and to get the ball over the net to the other team. To be good at this sport, the team has to know each other well, and each individual has an important part to play.

In the Democratic Republic of the Congo there is a very special team of six, but they are not working together to play volleyball or any other sport. Instead, they are working together to take stories from the Bible and put them into their own language. These six men and women are some of the very few believers from a people group called the Sonde. Most of the Sonde are suspicious of anyone who poses a threat to them or their way of life, including Christians, which makes it really difficult to share the gospel with them. There is currently NO printed portion of the Bible in the Kisonde language.

Pray that many Sonde people will hear and believe these stories from God's Word. Pray that this team of six will grow to be 60, 600, 6,000! May this small team grow so big that they are no longer known as an unreached people group.

Fill in the blanks:

1. The Sonde people live in the Democratic Republic of the _____.
2. The Sonde people are suspicious, and it is difficult to share the _____ with them.
3. There are no printed portions of the Bible available in the _____ language.
4. A team of _____ people are working together to make God's Word available to the Sonde.
5. This team of men and women are some of the few _____ among the Sonde.
6. They are working together to take stories from the _____ and put them in their own _____.
