

GIVE

TO UNREACHED
PEOPLE GROUPS

Get the Gospel to Unreached Places

In Sub-Saharan Africa there are 55 large groups of unengaged, unreached peoples that have little or no access to the gospel. IMB missionaries have a goal to see missionary work happening among these groups by 2025. Little is known about some of these peoples.

Your gift will send researchers and media teams among them to do extensive research and to create products for prayer and recruitment. Your gift will also provide training to help African believers learn to cross cultural lines and geographical borders to evangelize, disciple and plant churches among these groups. With your help, IMB missionaries will establish training centers and equip trainers with teaching materials. Trainee expenses for travel, food and lodging — costs beyond the reach of many Africans — also must be subsidized.

GIVE

TO TRANSLATE
A GOSPEL FILM

Offer HOPE in Unreached Areas

Sixteen unreached people groups in West Africa, some unengaged by any mission organization, need a gospel witness appropriate for their cultural context. The HOPE film will present the gospel through a storyteller from each of these 16 people groups. The face of their countryman familiarizes the gospel, helping listeners understand that the message belongs in their culture. In partnership with School to the Nations, IMB is creating a production hub to develop The HOPE film in these 16 languages. Your gift will underwrite production costs, including translation and back-checking of scripts and discipleship resources, audio and video recording, and editing and social media initiatives. The HOPE Project also provides follow-up lessons and resources, equipping believers to disciple those who watch the video.

imb

GIVE

TO TRAIN
ORAL PEOPLES

Offer God's Word in Stories

There is strong evangelical influence in Central Africa, but church leaders are discouraged by the shallow faith of their members, their unwillingness to give up traditional religious practices, and the vast number of churches that incorporate satanic practices into services. The root of the problem is the teaching style used in Baptist churches, which does not connect with the local people. Most Central Africans prefer to learn through oral teaching methods such as storytelling, but churches often use a Western model of teaching.

Your gift will enable IMB missionaries to bring oral Bible story training to Christian leaders to create dynamic faith, evangelism and discipleship among dozens of unengaged and under-engaged people groups.

imb

GIVE

TO TRAIN
AFRICAN BAPTISTS

Raise Up African Leaders

God is doing marvelous things in Sub-Saharan Africa, and it is poised to become the next sending center for missionary advance. But in many ways, it is not prepared for this task. Rapid church growth has outpaced the number of trained leaders needed to shepherd the African church. Africans want to go to the world, but significant challenges, including heretical theologies, hinder them.

Your gift will help IMB missionaries and African Baptists provide solid theological training and resources throughout the continent, from well-established seminaries to places where no training currently exists. The goal is to bring the entire continent of Baptists into a unified network with a vision for preparing future leaders who will strengthen the church in Africa and take the gospel around the world.

GIVE

TO SUPPORT
MISSIONARIES

Fund Missionary Work

The Lottie Moon Christmas Offering® is an annual offering collected to support international missions. The offering was officially named in 1918 by Woman's Missionary Union in honor of the missionary to China who urged churches to start it and give sacrificially. This offering is unique from other mission offerings in that 100% of gifts provide for missionaries all over the world.

In Sub-Saharan Africa, the offering provides salaries, housing, transportation, healthcare and education for approximately 360 missionaries and their children.

GIVE

TO MULTIPLY
CHURCHES

Train African Church Planters

Believers across Sub-Saharan Africa need training in how to plant new churches, thereby multiplying their witness for Christ. The IMB will lead 12 week-long trainings.

Your gift will provide the \$100 cost per participant, which covers meals, lodging and training materials.

A foundational part of the sessions is to equip people to reach their own people groups, surrounding people groups in their area, as well as people groups around the globe as they practice biblical church planting.

GIVE

TO KIGOMA
BAPTIST HOSPITAL

Improve Healthcare in Tanzania

Kigoma Baptist Hospital serves some of Tanzania's most impoverished and unreached people. Opportunities abound to share the good news among Muslims. During treatment, patients experience the truth of the gospel in action and words. Each person is prayed for, and spiritual follow-up is available to those who indicate interest.

Though the hospital is financially sound, a reasonable level of subsidy is required. The hospital has an endowment of \$382,000 and the interest allows some limited, perpetual income. The goal is to increase the principal to \$1,000,000, thus increasing the hospital's annual income. The recurring impact of your gift makes this opportunity unique. Rather than giving a one-time gift to meet a one-time need, this gift will meet needs at the hospital and help the people of Tanzania for years to come.

GIVE

TO HELP AFRICAN
IMMIGRANTS

Build a Place of Hope in Italy

In Europe, most African immigrants cannot gain legal status, so they cannot provide for themselves or their families. Many resort to working illegally; some have even turned to prostitution. African refugees and immigrants long for community and a place to find hope. Few churches or ministries are engaging the thousands of African immigrants in Italy, and very few safe places exist where immigrants can be engaged with the gospel.

Your gift to the Global Center of Milan will provide a place where Africans, many of whom are seekers, can feel secure as they hear God's Word, heal and find hope. It will offer a place to develop community and fellowship, not just among Africans but also with local believers of all nationalities.
