

**INTERNATIONAL**  
MISSION BOARD

Information related to pornography is a suggestion based on IMB's history in assessing missionary candidates. This is not necessarily an endorsement for any particular software.

For those who have a history of a struggle with pornography, we ask them to go through the program at Freedom Fight: <https://thefreedomfight.org/>

For those who don't have a struggle with pornography, we ask people to go through a scaled-down version for self-awareness and building tools to stay clean: <https://thefreedomfight.org/ff-overview/>
