

Pila of Benin

2025 Status Update

How God Is Working

The Pila of rural northern Benin are deeply committed to their traditional African mystical religion. Idol worship is the norm and expected. Recently, a training for Bible storying launched in this area. Four believers among the Pila participated. They learned and recorded 16 Bible stories in their language. Immersion in God's Word in their language revitalized their faith. The team returned to their home villages, where they shared the stories and the full gospel.

How You Can Pray

- Praise the Lord for new Pila believers!
- Pray that the bonds of idol worship will be broken.
- Pray that local believers will faithfully share the gospel.
