

Banda of Chad

2025 Status Update

Challenges We've Found

Historically, the Banda have been farmers in the Central African Republic who practiced African Traditional Religion. We've seen significant ministry among them in the CAR, where believers gather in churches. Documents indicated that Banda also live in southern Chad along the border of the CAR. Although we've been unable to confirm their presence there, God knows where every Banda person lives. We desire to see the ministry fruit in the CAR spread to Banda communities across the region.

How You Can Pray

- Ask God to break the bondage of African Traditional Religion among the Banda.
- Ask God to send Africans to proclaim the gospel along the border of Chad.
- Pray for the Banda churches of the CAR to faithfully share the gospel.
