

Fulanke of Mali

2025 Status Update

How God Is Working

A church plant exists in a Fulanke village, but no Fulanke attend it. After a recent disaster, the church, with support from Send Relief, distributed food bundles to 251 Fulanke families. They also shared God's Word. For many Fulanke, this was the first time they understood that Christians love and care for others. The villagers—and even the local religious leader—were amazed that the church would help them. They said this was the first time they had experienced such a meaningful and selfless act.

How You Can Pray

- Pray that the local pastor will continue to lead with a vision to reach the Fulanke people.
- Pray that the Fulanke who received food will hunger for Jesus.
- Praise God for the powerful impact of this small church.
