

Manga Kanuri of Nigeria

2025 Status Update

How God Is Working

The Manga Kanuri live in northeast Nigeria amid conflict and insecurity. Islam is their primary religion, and past ministry attempts have yielded little fruit. However, recent conflict has led some to question Islam, creating an openness to the gospel. Nigerian believers have shared the gospel among the Manga Kanuri, and a few have professed faith in Jesus. Relief projects have met physical needs, opening doors for gospel witnessing. Bible translation into the Manga Kanuri dialect has also begun.

How You Can Pray

- Pray for an end to the conflict so more ministry can be conducted among the Manga Kanuri.
- Pray for Nigerian believers to bravely proclaim the gospel.
- Pray for the few believers in this region to stand firm in their faith.
