

Bozo of Mali

2025 Status Update

How God Is Working

Praise the Lord for two Bozo believers who are recording the oral Bible in their language. The task is huge, but they are making great progress. Another Bozo man heard God's Word in his language while he was in prison. Now that he is free, he is meeting with one of the translators to learn more. This translator is praying for someone to help him manage his business so he can focus more on evangelism and discipleship.

How You Can Pray

- Ask God to encourage the translators and meet their needs as they serve faithfully.
- Pray that the former inmate will fully submit to Christ and be transformed.
- Pray that God's Word will open many Bozo hearts.
